CLASS DESCRIPTIONS

Basic Coding

Students will learn the basic concepts and skills needed in the world of computer coding. Students will gain a basic understanding of Python and Java coding language. With the future of technology continuously evolving, coding is a language we should all be fluent in.

Beginning Mandarin Coast to Coast Soccer

Students will learn the basics of speaking Mandarin in this beginning Mandarin class. Class size is limited to 16 students. Coast 2 Coast is the first soccer program in the US that combines Soccer with STEM. They incorporate topics from the Next Generation standards into the storylines of their fun games.

CUSD Musical Hip Hop

Save the date for our annual show! Auditions and Rehearsals begin the week of March 1st. Show title coming in Fall of 2015. If you love music and like to dance Hip Hop is where you need to be. Learn all the popular dance moves while having a great time with your friends and classmates.

Let's Create Some Art

Student artists will create a variety of art over this six-week class taught by artist Nancy Meyer. She will teach students different styles of art as they create their own projects along the way.

Outside Contractors*

These classes will be offered by an outside contractor. Watch your communication envelopes for registration details:
Mad Science, Academic Chess

¹ Class will begin at 2:10 staff will be there by 2:05 for the 3rd graders

All classes are offered by the Campbell Union School District Extensions Department unless otherwise noted.

CampbellCare Discount: If enrolled and paid in full for CampbellCare please take 20% off the price of each class. Discount does not apply for classes offered by outside contractors. **Refunds will be given with a two-week advance notice minus a \$10 processing fee.** Refunds will not be given after students have started the class.

REGISTER ONLINE AT WWW.CUSDEXTENSIONS.ORG First come, first serve registration. Classes will open 2 (first session) to 3 weeks before the start date.

A limited amount of scholarships are available by calling the number above. Students must be on free or reduced lunch to qualify.

Classes do have a maximum capacity so advanced registration is recommended.
